Airstream’s founder Wally Byam had a dream to “endlessly stir the ventursome spirit that moves you to follow a rainbow to its end.” We at ADEC can’t think of more appropriate partners than Aistream and Thor Industries whose motto is “Go your own way.” ADEC was founded on a dream that individuals born with intellectual and developmental disabilities could and should be a part of our community in every aspect. At ADEC, we strive to increase both choices and possibilities for those we serve. We encourage everyone to go their own way and, thanks to our supporters, we continue to stir the ventursome spirit in everyone we serve.

Thank you to our partners: Thor Industries, Airstream, The Vomela Companies and Industrial Finishes.

Step 1: We asked you to vote for your design concept

Step 2: We created a mock up

Step 3: We teamed up with some experts to help. Thank you The Vomela Companies and Industrial Finishes!
