RECOGNITIONS

AUGUST 2024

Stephanie Connell

I just want to recognize Stephanie because she is an over all great person and hard worker. She tries her best to make sure all the clients are being taken care of and her concern for them is high. She comes in and does what she is suppose to do and more. She barely ever complains about how things are going. Even though she doesn't look like it to me, she is a very inviting person and I feel as though I can go to her without worries. Thank you for hanging in there and being patient with Plaza as we navigate things here.
