

ADEC

THERAPY SERVICES

THERAPY

ADEC offers Behavior Management, Recreational Therapies, and Music Therapies to children and adults in St. Joseph and Elkhart Counties. These services allow individuals to reach new goals, process emotions, learn new skills, and reinforce positive behaviors. These services are provided to the community and ADEC programs by ADEC's Behavioral Consultants and Certified Therapists. All behavior support plans are supervised by a Health Service Provider in Psychology.

CHILD & FAMILY SERVICES

SUMMER CAMP

ADEC's Summer Camp, with Elkhart and Mishawaka locations, is one of the few full-length summer camps in the Michiana area that serves children with intellectual and developmental disabilities. Staffed by Direct Support Professionals, camp is a place for individuals aged 6-22 to have fun, make friends, express themselves, and retain interpersonal skills developed during the school year. Activities include local educational outings, visits from our community partners, arts and crafts, and a talent show.

AFTER SCHOOL

ADEC offers an after-school program Monday-Friday at ADEC's Resource Center. The Program serves school-age individuals. Members work on homework, exercise, play games, and form peer-to-peer relationships.

ADEC empowers people with disabilities to live fulfilled lives in their communities.
