LEROY WILLIAMS

Leroy is so kind and patient! Thank you for all your help with setting up my new computer. You deserve a shout out!

I want to give a big thank you to Leroy Williams for his excellent customer service! Whenever I run into an issue, Leroy is always quick to assist. Just yesterday, when Adam from Flashpoint experienced technical difficulties, Leroy jumped in right away and worked with him to find a solution. It's a relief to have someone so responsive and positive on our side. Thank you, Leroy!

ALICE CYUSA

I would like to nominate my house manager, Alice Cyusa, for the Pay It Forward. Time and time again she will always stay late to ensure the guys and staff are okay. In my years of working, I have never seen a manager work quite as hard as Alice does. She always prioritizes the clients, and it shows by how often she is at work.

TASHA DAVIS

As I come up on 10 years with this company, I have to look back and remember how it all came about. This direct support professional was the one who referred me to ADEC. Through her shared experiences and testimonies, I became interested and started this journey. I don't see her often but at times we cross paths in the community, when she is with individuals that she supports. I notice that she gives just enough support to her clients and allows them to 'run the show'. Her supervisor(s) can tell it best, but she does great work and carries a positive light. I also hear that she is dependable and supports the homes during short staffing periods. Thank you, Tasha for your service and dedication to this company and most importantly, to the individuals that you support. You are appreciated and valued!

DEBRA SLATTON

I want to recognize nurse Deb. We recently had a client who started on a new insulin pump. There has been a lot of learning and training for everyone involved. Deb has taken the reins on this and done a fantastic job working with the client and staff to make sure everyone is comfortable with the new equipment. I want to thank her for the time she has put in working with everyone, including weekend visits to the house to make sure everything is working properly. You Rock Deb!
